

“With talech, it solved all of our problems. Mobility, being able to update, being on a cloud, that’s what made us choose talech”.

Ralph Muller, Owner
Dabney Nursery

Simple & Powerful

Simplify your operations without sacrificing speed. Create orders, apply discounts, manage inventory, create a customer database, and view reports in just a few taps.

Anytime, Anywhere Access

Stay connected and manage your business from the office, at home, or even on vacation! All your data is always available real-time.

Rich Analytics and Insights

Drive higher sales and reduce costs by understanding your business better. Get insights on sales trends, top-selling products, customer spend and much more.

24/7 Support

Never miss a beat with our industry leading 24/7 phone support. A real person is always available to answer your questions at no additional cost.

Safety & Security

With EMV, Apple Pay™, and end-to-end encryption, your customers’ data is protected by the latest authentication and encryption technology.

Customer Engagement

Attract new customers and retain existing ones with the integrated Fanfare loyalty and gift program.

A perfect fit for all your POS needs

talech's key features for retail

Print. Scan. Done.

Speed up customer check out when you scan items in register mode. Save time adding items directly to inventory by scanning existing barcodes. Print labels in different sizes using any printer.

Do you have this color in my size?

Always know what's in inventory by using multiple variations such as size, color and style. You can create hundreds of combinations in just a few steps. Set price, cost and quality for each variation.

Can I return this?

Accept returns with ease. Issue a partial refund or store credit. Link store credits directly to customer accounts so you can look it up if the receipt is lost

“talech has an easy to use inventory system, a great customer database, and automatically tracks my sales for me. I can find out what my customers are liking, where my sales goals are at everyday and get information to merchandise my store”.

Jenna Erhard, Owner | The Key

Choose the best features for your business
